Novavax

AGE	12y+ 91304
ADMIN CODE	1st Dose 0041A 2nd Dose 0042A Booster (18y+) 0044A***

**Authorized for individuals who have either received an organ transplant or are diagnosed with a condition considered to have equivalent level of immunocompromise.

***Refer to FDA/CDC guidance.

Tips

- Remember to include on the claim ICD-10-CM diagnosis code Z23 Encounter for immunization.
- The COVID-19 vaccine and its administration are covered under Part B, not Part D. Do not charge for the vaccine when the product is received for free.
- Roster billers should use POS code 60.
- Use condition code DR *Disaster related* for institutional providers and CR *Catastrophe/disaster related* for non-institutional providers if you administer the vaccine at a temporary location.
- Only the Pfizer-BioNTech Comirnaty vaccine two-dose primary series for ages 12 years and older (91300) is FDA approved. All others are authorized by the FDA for emergency use only.
